Gene Anderson
Executive Director
Operation: Job Ready Veterans
9130 Otis Avenue, Suite A
Indianapolis, IN 46216

November 21, 2019

Gene,

As the Director of the Indiana Department of Veterans' Affairs, I am honored to continue my long term relationship with Operation: Job Ready Veterans. An established supportive relationship between Operation: Job Ready Veterans and the Indiana Department of Veterans' Affairs has been in place for over 8 years. Operation: Job Ready Veterans and Indiana Department of Veterans' Affairs have been referring agencies to one another for service members, veterans and their families. Because of this supportive relationship, service members, veterans and their families have seen improvements in their over-all financial, disability and employment positions. A variety of services are provided by the Indiana Department of Veterans' Affairs that Operation: Job Ready Veteran's refers individuals to, they include: Indiana Military Family Relief Fund Grant, DD214 requests, Education & Employment resources and other State of Indiana Benefits & Services.

Operation: Job Ready Veteran's is a partner non-profit referral agency for those seeking employment transition assistance. The Indiana Department of Veterans' Affairs employment team routinely recommends those seeking to transfer their military skills to a civilian position into the Veteran Employment Transition Seminar (VETS) that Operation: Job Ready Veterans provides to services member, veterans and their families.

It has been an honor to work with Operation: Job Ready Veterans in this and previous roles and I support the work that they do for service members, veterans and their families in Indiana. Please let me know how we can help you in your leadership of Operation: Job Ready Veterans and your staff in their work.

Sincerely,

A handwritten signature in black ink that reads "Dennis A. Wimer".

Dennis A. Wimer
Director
Indiana Department of Veterans' Affairs
